

Lakehurst Consulting Named 2022 Small Business Superstar by Kansas City Chamber of Commerce

Lakehurst Consulting is proud to announce we've been recognized as a **2022 Small Business Superstar** by the Greater Kansas City Chamber of Commerce.

Small Business Superstars are submitted by customers, clients, and members of the community. This campaign recognizes any small business that is submitted, has fewer than 250 employees, is a for-profit business, and headquartered in Greater Kansas City.

"This was an amazing surprise and a nice honor" said owner Dan Pinkham. "Our roots in the KC area have now spread eastward

and are within easy reach of Saint Louis and northeast Missouri and, with today's technology, we are available to support other businesses across the US. We are thrilled that we can share those qualities that prompted this recognition with a range of clients across a wider geography" he added.

"We are proud to recognize the 2022 Small Business Superstars," said Vicky Kulikov, the **KC Chamber's Small Business Director**. "These are businesses that started because of ideas that began over a cup of coffee or a conversation in someone's basement or a handshake between two friends. Now they've become part of the backbone of our local economy and really help KC move forward even after more than two years of a global pandemic."

This is the second year the KC Chamber has recognized Superstars. In 2021 the Chamber honored 1,200 small businesses; in 2022, that number has grown to 2,000.

Small Business Superstars are part of the kickoff to the KC Chamber's [2022 Small Business Celebration](#), honoring businesses competing to be named Small Business of the Year. The Celebration is one of the largest of its kind in the nation, growing and honoring small businesses for more than 30 years.
